County hosts travel agents from New York

A group of 34 travel agents from the United States who came to Haliburton last Saturday to see what the area has to offer, were pleased with what they found, say tour officials.

Organized by the Central Ontario Travel Association in conjunction with the Ministry of Tourism and Recreation and the Canadian Consulate in Buffalo, the tour - which is the first of its kind in the

region - is intended to show travel agents from New York State the quality of accommodation and the beauty of the landscape of Central Ontario, a region relatively little known south of the border.

"No one was aware of the attractions of this part of the province before," explains Shirley Rapson, manager of the Haliburton Highlands Chamber of Commerce and one of the tour organizers.

By increasing awareness of the area, business will also be increased she says.

The travel agents, called tour influencers because they specialize in arranging large bus tours, arrived at the Chamber of Commerce at 9:30 on Saturday morning. From there they went to Panorama Park and then to the Minden Museum. Other stops in the

Pottery company seeks investors with \$400,000

If a group of local investors willing to provide 400 thousand dollars can be found, the village of Haliburton may soon be the site of a new ceramics factory worth about 2.5 million dollars and employing 40 people.

Speaking to a small assembly of potential investors at the Haliburton Community Centre last Thursday, Edgewood Pottery owners Ernie Doherty and Mark Spence explained that they chose Haliburton as the location of a new plant for their company because of its proximity to a source of clay, to a strong tourist market, and to the United States, where they plan eventually to sell most of their product. By setting up in the County they also hope to qualify for more than 1.4 million dollars in Federal and Provincial government loans.

Reeve Murray Fearrey, who called the meeting, announced that Dysart et al would provide a site for the factory - beside the Haliburton Highlands Museum - and prepare it for construction.

"Since buying Edgewood Potteries in 1984," Mr. Spence explained, "production has increased 400 per cent. None of Edgewood Pottery product went to the States before 1984. But during 1985 and 1986 we sold between 25 to 30 per cent to the Americans." A new plant is needed, the two men said, because their present production capacity is not enough to meet the demand of the U.S. market. "It's so big, it's scary sometimes - but we're going to try to keep up with it." They estimate ceramics in America is a 3 billion dollar a year industry.

If it is built, the Haliburton factory would produce decorative furniture access-

ories, flower pots, and commissioned work for other companies. Mr. Doherty said they hope to address the high to medium end of the market. He also stressed that besides providing jobs for the area, the factory would also be a tourist

attraction for Haliburton. Tours of the plant could be given, and people could be drawn. Mr. Doherty suggested, from as far away as the United States. It could be expected that these tourists would also patronize the accommodations and stores of the County.

Local potters and artisans would be invited to sell their work in a planned factory store. Mr. Doherty said. He noted, as well, that potters might be commissioned to design new shapes and products, and that some graduates from the Haliburton School of Fine Arts would be well qualified to take some of the jobs in the proposed factory.

Barb Peel, a pottery teacher at Sir Sanford Fleming College who recently toured the Edgewood Pottery factory in Toronto, hopes the plan to build the new factory will succeed. "Last winter I trained three

women who would now be capable of doing any job in that plant. That provided me with income and if the plant is built, I'll be able to train a lot more people." Ms. Peel is adamant that she won't be competing with the new pottery for the same market. "I do what pleases me. They do what pleases the public. If they start infringing on my market, then I better take a good look at what I'm doing."

Ken Wilson, chairman of the Haliburton County Local Employment Initiative Development Program (LEAD), is optimistic about the Edgewood proposal. He is impressed with the ideas of Mr. Doherty and Mr. Spence and notes that another factory would help bring down the County's high unemployment rate. "But, before I would invest, I'd want to see an operating

(more on page 2)

Ride returns to Minden

Once again this weekend, Minden is host to motorcyclists from throughout Ontario as the annual Ride for Sight takes place. This is the second year in a row that organizers have chosen this community as their destination and indications are that the number of participants will far exceed the 2000 which visited the community last year.

The motorcyclists will be making the trip to this community to demonstrate their support for the Retinitis Pigmentosa Foundation and its efforts to find a cure for this eye disease. When they arrive here, the riders will turn in pledge books detailing donations they have collected during the past few months to help the charity.

Once registered, the riders will take part in competitions at the Minden fairground, enjoy the hospitality of various community service clubs and for many of them, become a part of a massive tent city which will spring up Saturday afternoon on the field beside the arena.

Last year the riders raised \$300,000 nationwide, with a majority of that coming from the Ontario effort.

The Times this week includes a special eight page supplement outlining some of the activities planned for the weekend and providing information for the weekend visitors.

Organizers have once again extended an invitation to area residents to visit the fairgrounds on Saturday and take in some of the activities. All events are free. See the centre eight pages of today's newspaper for more information about the weekend's Ride for Sight.

Poaching charges yield fines

This past April, Conservation Officers working in Haliburton and Victoria counties apprehended a number of poachers illegally attempting to take fish,

Pottery

(from page 1)

statement from Edgewood." And their plan to draw tourists who want to look at the factory into the area, Mr. Livingston suggests, is dubious. He also says that what Haliburton needs is jobs, and on the basis of what Mr. Spence and Mr. Doherty said at the meeting, he believes their company can create those jobs.

Mr. Fearrey as well is confident a ceramics plant would be a good thing for the community. "I think it's a very valid proposal, and one that would be very successful if we put it together." Though Mr. Spence and Mr. Doherty say they will be ready to start production at the proposed factory this October if they get the investment they need, Mr. Fearrey believes 1987 would be a more realistic date.

The money to fund the scheme - 2.5 million dollars - will come, it is hoped, from a number of sources. If local investors can produce 400 thousand dollars, the municipality will provide the site and prepare the land. Another company, Carlson Mines, would invest 250 thousand dollars (they also hope to provide the new factory with clay), and from the Federal and Provincial governments the two men believe they can get 1.45 million dollars in loans. Mr. Spence and Mr. Doherty say they will put up 500 thousand dollars of their own money.

Dorset acid rain report

There were two precipitation events reported at the Ontario Ministry of Environment testing station in Dorset during the past week. The following report on those incidents is provided by Environment Canada in Toronto.

- on May 30, 2 mm of rain fell with a pH reading of 4.5. The path of the rain was traced to northern Ontario and central Ontario.

- On May 31 9 mm of rain was recorded at the centre with a pH of 4.5. The rain was traced from Lake Superior and Lake Huron.

Environmental damage is usually observed in sensitive areas regularly receiving precipitation with pH less than 4.7. Readings of 4.0 pH or less are considered serious. The lower the number, the more acidic the

during the spring spawning period.

The court cases were heard June 3 in Minden.

Claude Crego, Malcolm Crego and Daniel McCluney all of Kinmount, were each fined \$255 for attempting to take fish during the closed season. All three were also warned by the presiding justice that should they appear before him again on similar charges that they would face time in jail.

Paul Hillis of Scarborough and Richard Coulton of Kirkfield each pleaded guilty to taking Yellow Pickerel during the closed season, they were each fined \$280 and all their equipment that had been seized was ordered forfeited to the Crown. The court heard that Mr. Coulton had dropped off Mr. Hillis at an area river. Mr. Hillis subsequently illegally took

a Yellow Pickerel and was picked up again by Mr. Coulton. As the two attempted to leave the area they were apprehended by Conservation Officers.

Murray Swinson of Lindsay and William Woolfrey of Burnt River were apprehended in Corben Creek with dipnets attempting to take fish illegally, they were each fined \$255.

Robert Handley of Fenelon Falls and Frank Hickey of Burnt River were observed attempting to take Yellow Pickerel with a snare, they were each fined \$255.

In handing down the penalties the sitting justice noted that these were intentional acts and that the parties had taken their chances and lost.

The cases were heard by Justice of the Peace Dean Elliott.

May weather

by Phil Graham

	C	F
Average high	20.3	68.5
Average low	7.0	44.6
Average for month	13.6	56.4
Average for last May	11.6	52.8
Highest temperature May 26	29.0	84.2
Lowest temperature May 4	-5.5	22.1
Rainfall	120 mm	4.7 in.
Snowfall - Trace on May 2		
Total precipitation	120 mm	4.7 in.
Days with rain	10	
Days clear or mostly so	13	
River water temperature	20	
Days with thunderstorms	1	

May was a pleasant month, no severe storms and lots of sunny warm days. A week of wet weather starting May 16 settled all the requests for rain, in fact we had more rain this May than last May, over an inch more.

The average temperature for the month was 2 degrees C higher than last May and a bit higher than normal.

The river water temperature is 5 degrees C higher than last May 31.

Trivia: May 19, 1780 - Black Friday, famous in Eastern North America as a result of western forest fires. Noon was almost like night, chickens went to roost and people were fearful the end had come.

Travel agents taken on tour of county

(from page 1)

county included Hart Lodge, St. Peter's Church in Stanhope Township, Domain of Killien Resort, the Haliburton Sky Slider, the Rails' End Art Gallery and PineStone Inn. The day ended with a dinner at Wig-A-Mog Inn (the cost was shared by the Inn and the Ministry of Tourism) in which all the stops were pulled.

In the foyer before the meal, the group had a look at an exhibit of arts and crafts put on by the Haliburton Guild of Fine Arts while members of the Haliburton Legion Pipe band paraded just outside the windows. During dinner, a Highland dance was performed by Faith Stephenson and the group remained at their seats long after dessert had been eaten to enjoy more music and dance.

"Everyone was impressed" says Mrs. Rapson. "And already they are calling their offices to arrange tours to Central Ontario. We're fairly sure that at least two tours are already in the works."

The visit to Haliburton was part of a four day trip

that began Thursday with a stop at Canada's Wonderland, near Toronto and then one in Peterborough on Friday. Before returning to New York on Sunday evening, the travel agents made a final stop in Oshawa. The tour has been in the works for two years, says Valerie Telford, Administrative Assistance of the Central Ontario Travel Association. In 1984 a group of travel agencies approached the Canadian consulate in Buffalo for information on tourist facilities in Central Ontario. The Consulate notified the Central Ontario Travel Association which then put together a presentation illustrating some of the attractions of the province. Those travel agents who showed greatest interest after seeing this presentation were invited to join the tour.

Martha-Anne Rankine, president of the Central Ontario Travel Association says the tour is part of the three year program and that similar groups of influencers from other parts of the United States will be periodically passing through Haliburton.

Travel agents from the United States line up in front of the Minden Library Cultural Centre Saturday during their tour of the Highlands sponsored by COTA and the Ministry of Tourism and Recreation.

Eakins opens new museum complex in Haliburton

Several government representatives, including MPP John Eakins and County Warden Harry Davis, joined Ross Carver of the Haliburton Highlands Museum on Saturday to open a major addition to the museum's display.

The addition is known as the Settler's Farmstead and is located a short distance from the museum building on Bayshore Acres Road.

The Settler's Farmstead now contains three buildings. The feature building is an original settler's cabin which was built in 1875. Until recently, it stood on the Rackety Ranch in Lutterworth Township, on the shore of Gull Lake. To move it to its present site, the museum had to dismantle it piece by piece.

Just beyond the cabin, the municipality has placed a log barn built in 1867. Purchased from the Douglas family of Haliburton, the barn stood originally on the Stoddard property by the Burnt River, now the old Bobcaygeon Road.

The two buildings complete the farmstead in its present form. A third structure standing at the far end of the site is a refurbished freight shed which formerly stood by the

Victoria-Haliburton MPP John Eakins snips the ribbon to mark the official opening of one of the new buildings of the pioneer farmstead. Museum director Ross Carver was on hand to witness the ceremony.

Rails' End Gallery in Haliburton Village. In it are housed special display items, such as farm equipment.

Great care has been taken to make the entire site into an accurate rendition of pioneer days. Once the farmyard, stone fences and freshly cleared forest are taken into account, it is easy to believe that one has stepped into the last century.

Local opportunities

Haliburton County residents should be pleased and, in fact, flattered that businessmen from outside the area have taken an interest in the Highlands. A meeting last week in Haliburton heard a proposal for the construction of a pottery factory in that village to meet the needs of a domestic and export market. As well, it was suggested the factory could become an attraction in itself, drawing visitors to the area in much the same way that the pottery factory near Collingwood has become synonymous with the name Blue Mountain.

The entrepreneurs are seeking, according to the information provided at Thursday's meeting, \$400,000 in outside investment to ensure the success of the venture and receive government financial support. They have turned to those individuals resident in the area for that support.

While we do not attempt to judge the merits of the pottery factory proposal as to its potential for success, we can't help but wonder, if indeed \$400,000 in investment can be raised locally why some or all of that money is not currently at work in existing enterprises or new ventures. To follow on the pottery theme, the area has attracted a number of talented and innovative potters, one or more of whom could probably develop a thriving business employing more than one person, if financial support was available. There are other artisans in the area with similar innovative and entrepreneurial skills who could be equally successful if provided with the necessary support and financial encouragement.

Outside of the arts, the area is rich with individuals knowledgeable in resort operation, log building, wood processing and more. These people, already resident here, could provide the nucleus for a new industry as exciting and creative as the plans offered last week.

The community should certainly welcome any entrepreneurial interest in this county whether it comes from within or outside the area. However, if indeed there is \$400,000 in investment capital available, willing or eager to be put to work, we would hope that those who have already chosen the Highlands as their home have an opportunity to put that capital to work for themselves and the community.

A story in stone.

Signs help tourism

-by John Eakins, MPP-

Since my election to the Legislature in 1975, I have supported many initiatives which I felt were important. One proposal which I have consistently supported during the last eleven years has been a desire for more signs on our highways.

Each year, thousands of tourists visit Ontario. However, many of our best tourist attractions are difficult to find or are ignored because they are not noted on the province's highways. However, this problem does not concern just tourists from outside Ontario. Many of our visitors to Victoria - Haliburton bypass some of our best attractions because of poor signage.

For years first-time visitors to the Kawartha's often found it difficult to drive to Bobcaygeon due to the lack of a sign at the junction of Highways 35 and 7. Fortunately, with the support of the Village Council, I was able to convince the Minister of Transportation and Communications to erect a sign providing directions to Bobcaygeon. Similarly, I lobbied for some time for a sign giving directions to the Kirkfield Lift Lock. A sign was finally erected last summer.

Well, I am happy to report that after ten years of

letters and speeches, something is finally going to be done to increase the number of signs in Ontario.

Last week in the Legislature, my colleague, the Minister of Transportation and Communications, the Honourable Ed Fulton, announced our new efforts by our government to further assist Ontario's tourism industry. We are introducing a new policy for tourism signs on Ontario highways. It is a policy designed to improve the current system by relaxing tourism signage criteria.

As the Minister stated in the Legislature: "Working in close consultation with the tourism industry and my colleague, the Minister of

Tourism and Recreation, the Honourable John Eakins, we are announcing that more attractions and facilities now can be signed off provincial highways, in addition to freeways and staged freeways."

In addition, the Minister said, "We are continuing to investigate the use of highway signs in other ways such as the promotion of tourism in those municipalities where there is a potential to highlight locally known attractions, and the creation of more picnic and rest areas coupled with this upgrading of existing areas in the north and on freeways."

After ten years, this is indeed good news for our riding and the entire province.

Interest rate cut

-by Bill Scott, MP-

On May 21, 1986, the interest rate on Farm Credit Corporation (FCC) Loans was cut for the second time in less than two months. These are now the lowest rates being offered by the FCC since 1979.

A five-year, fixed term loan, will now be at an interest rate of 10.75 per cent compared with the previous 11 per cent. A ten-year, fixed term loan will be at 11 per

cent, down from 11.5 per cent and the rate for a loan with a fixed term of fifteen years or more is now 11 per cent, down from 11.5 per cent.

The rate for a Shared Risk Mortgage is 10.75 per cent, down from 11.25 per cent. Under the Commodity-Based Loan Program, the rate will still be 6 per cent on

(more on page 9)

outdoors

The quality of life in Ontario over decades will be determined by society's resolve - or lack of it - in addressing key environmental issues now facing Ontario.

This was the underlying message articulated time and again by delegates to the 55th annual conference of the Federation of Ontario Naturalists, held in Peterborough this past weekend.

The more serious environmental problems spotlighted in the media over the past year are not really "new". Chernobyl, toxics in food, leaking chemical dumps, acid rain and forest mismanagement have not suddenly materialized as avaricious assaults by individuals or firms. Rather they're 'sleepers' - problems which have been with us for years, or decades, slowly growing unnoticed and contributed to by society as a whole.

For years, we have regarded the environment as a limitless-detached-entity. We've laboured under the misapprehension that we're somehow detached from nature. And that nature is capable of providing ever-expanding resources while assimilating exponentially growing wastes.

Finally, the fallacy is crumbling.

Someone has to pay the piper.

And, "that someone" will either be members of today's society insisting upon environmentally sound conduct and paying the cost. Or it will be members of tomorrow's society - our children and grandchildren - paying in stunted forests, lost jobs, polluted lakes. And cancers.

The problems now with us are enormous and already producing consequences. But they're also still solvable.

Acid rain threatens the vitality of over 1/2 Ontario's lakes, and all the fisheries, tourist industries and recreation that depend upon them. It threatens our forests, doubtless already producing lost vigour and increased susceptibility to disease - at precisely the time we're asking for better forest yield. But, it is solvable - if we're willing to curb our energy appetite and to pay the price for scrubbers and other technology.

Leaking chemical dumps threaten the health of lakes upon which millions depend, steadily leaking their deadly cocktail of carcinogens and dioxins through sieve-like, fractured bedrock. All the while, governments and corporations bicker over costs and responsibility for what are at best stopgap measures. The dumps can be excavated and cleaned up, if we're

(more on page 6)

Art provides an invitation to explore

by John Greenwood

Though the display of oil paintings that opened at the Agnes Jamieson Gallery on Saturday is Lindsay artist Felix Lintin's first solo exhibit, you'd never know it. The pictures - usually of landscapes, shrubbery, and flowers - have been done with a kind of confidence and professionalism that is rarely found in people who paint, as Mr. Lintin says he does, "just for a hobby."

Take some of the landscapes for example. The scenes, which are mostly taken from the Haliburton and Peterborough areas, show a clear understanding of perspective and light; there is a sense of distance in these paintings, a feeling that the images exist in three dimensions. To the untutored eye it seems that the picture is vaguely alive, but for Mr. Lintin it is an effect that he has very deliberately and carefully created.

Most striking about some of these works is the familiarity of some of the scenes. A few are identifiable landmarks, but what the artist has added in his depiction is a sense of rhythm in colour and form. Some, of course, work better than others but in nearly all the landscapes there is something to draw the eye into the painting to explore.

The still lifes of flowers are also done very professionally - perhaps a little too professionally. There is nothing wrong with these stylistically, and in fact

many are very pretty. The problem is that they aren't as interesting as the landscapes, they don't invite you to become involved in the same way. Nevertheless, the floral paintings are well done and are certainly worth a visit to the gallery on their own account.

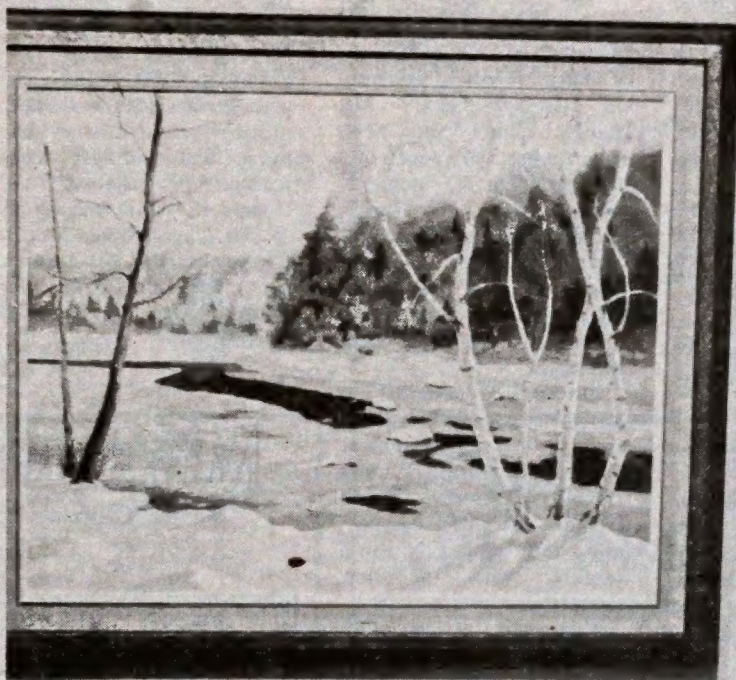

About the artist

One of the most interesting things about Felix Lintin is that he is 74 years old. By that age most artists have already done their best work and have painted most of the subjects they intended to, but Mr. Lintin is only just starting out.

After retiring in 1977 he took lessons at Sir Sanford Fleming and with a few sales to both Americans and Canadians and having participated in some group shows in local galleries, he is now beginning to make a name for himself.

Born in Latvia, a country now part of the Soviet Bloc, he began drawing lessons in his early teens, but his father died when the family was still young, and Mr. Lintin had to go to work in construction, building roads and bridges to earn a living. And he had only been working a few years when the Second World War began, and once again his life was thrown into turmoil. Understandably, this is not a time he likes to dwell on.

After the war he spent a few years in England in the hopes of making a new life, but in 1955 he moved again,

Lindsay artist Felix Lintin discusses his painting at the opening of his exhibit Saturday at the Agnes Jamieson Gallery in Minden.

this time to Canada where he found conditions a little more to his liking.

Even in those years Mr. Lintin was still very much interested in painting, but having little training and being in need of money, he turned once again to the construction trades as a way of supporting himself and his young wife. And though building isn't a business much favoured by artists, Mr. Lintin did well.

He began as a carpenter

and eventually rose to be a construction supervisor. During his off hours he managed to amass a considerable library of art books, but rarely at the end of a day on the job did he find himself with enough energy to work on his own art. "I was dead tired after a full shift of construction, so I had to wait until I retired to start painting again."

That time came nine years ago. Now Mr. Lintin can

concentrate on things artistic. "Recently, I've been thinking about light. I have a feeling that the most important thing in a painting is getting the correct impression of light. Colour comes afterward; if you can do the light properly, the colour follows."

After all the travel and upheaval in his life, Mr. Lintin now thinks of Canada as his home, which is a difficult thing for any immigrant, especially an

artist. "I still have a desire to see what it's like in Latvia, but not to stay there. I've worked in Canada so long and painted the land so many times, that the country is no longer alien to me. I'm used to it."

But that is not to say that Mr. Lintin's vision of Canada has stopped developing. As is evident from the show at the Agnes Jamieson, his artistic imagination has only just come into its prime.

The view from ringside

- by Gary Kenney -

The scoop along the sidelines by those more worldly in such matters than this scribbler, is that big decisions are mostly made one of two ways.

On the one hand there's the use of investigation, facts comparisons, costs balanced against benefits, benefits tested against goals, goals examined for their suitability with policy and policy reviewed alongside philosophy. Sort of the Mounties, Conrad Black and the Queen Mother all rolled into one.

On the other hand, there's the political way.

At their last meeting, county council was faced with a couple of decisions that led the members to that fork in the road.

They first considered the organization of a local Conservation Authority...one central office with specialists trained to administer and police money, programs and rules more efficiently and professionally than existing departments and committees spread across the Highlands.

The good councillors wisely rejected the option. For all the efficiency and professionalism, it's an expensive, binding, self fulfilling chunk of modern officialdom that may be necessary for densely populated areas like the Port Credit River basin, but whose time has not come for this county.

Next on the agenda (actually it wasn't but that's a whole different and recurring story) was a decision about a Welfare Agency...one central office with specialists trained to administer and police money, programs and rules more efficiently and professionally than existing

departments and committees spread across the Highlands.

Another expensive, binding, self fulfilling chunk of modern officialdom that may be necessary for densely populated areas, but whose time has not come for this county eh?

Nope. Time to get political. Sorry Sam. Time for tea Conrad. One lump or two your Royal Mum?

Ladicees and gentleuuuun. In the bluuuuue trunks, weighing innnnn with fifteen votes, the arguments forrr one county welfare office.

Innnn the red cornerrrr. Weighinnnnnnng in with five votes, the arguments againnnnst one county welfare office.

Against comes out slugging. First a jab to the referee...no notice of the fight date, little chance to organize a training camp. Then a left hook to the chin...the cost estimates are too low by half, followed by another jab...a staff of three can never hope to cover the whole county, and yet another body blow...where are the costs shown for transportation, benefits, etc.

For sags against the ropes and is falling as the referee rushes to prop him up...maybe we should have another meeting instead of going fifteen rounds today. Waddya think?

For gets a second wind. He leads with two jabs...the welfare rules aren't being followed properly by clerks and bylaw officers, they might even be abusing people in some townships.

Against staggers, and takes another two shots to the head...it's easier to control money out of one pocket, we have to think of the future.

The crowd roars with approval.

The referee winks and sounds the bell...let's call a vote.

Post-fight analysis laud the stinging combination that won the day. A thundering right fist able to smash through and "root out the undeserving, discover the abusers, and get the merely shiftless back to work." A merciful left hand, open to guide and steer the deserving "back on the road."

Me? I prefer wrestling to boxing. And it seems a shame the problems of more training, counselling etc., were not wrestled with openly before donning the gloves and trying for a colourful knockout.

Professionalism, and efficiency are not only available to head office specialists. Why did we not hear about the supposed concerns before they became part of the sales pitch for one agency?

Let's check back in 1989. My guess is the case load will be more or less the same, there will be no great purging of those favourite scapegoats (the "shiftless abusers"), the majority of townships will be paying far more than their fair share, and the dust will have settled over the Haliburton Minden scuffle for the new office and house hunters.

Like most of us trying to ram a 12 month job list into twenty-four weeks of no snow, the summer squeeze is taking its toll on me.

These clumsy scribbles need more time and thought than might appear. So, as much as I enjoy pricking at balloons or tilting things for a look from a different angle, I'll resist for a while.

Camp marks fortieth year

Submitted

Illahee Northwoods Camp will celebrate its 40 years of operation with two parties this summer.

Founded in 1946 by Dr. Charles Best and Dr. Laurie Chute, the Kinsmen Club and Family Service Association of Metro Toronto,

Illahee Camp provides a camping experience tailored to the needs of children who have diverse health conditions such as diabetes, asthma, haemophilia, kidney or cardiac condition. Illahee is operated by

Family Services Association, a member in the

United Way.

The first celebration will be held at 2 p.m. on Sunday June 22 at Illahee Lodge, Coburg, the site of the camp in its early years. Dr. Laurie Chute and Mrs. Charles Best will plant a tree to recognize the achievements brought about during the first years at Illahee. All former campers, staff and friends of the camp during these formative years are invited to come and reminisce.

On Saturday, August 23, an Open House will be held from 11:00 until 3:00 p.m. at the present location on Drag Lake in Haliburton, for all friends of Illahee, campers and staff, especially those familiar with the new campsite.

Chairman of the 40th Anniversary celebration is C. Richard Sharpe, chairman and chief executive officer of Sears Canada Inc., and a former board member of Family Service Association. Mr.

Sharpe was chairman of the Illahee committee during his term of office with F.S.A. He and Illahee camp staff are anxious to get in touch with former campers, staff members, camp doctors and nurses and volunteers who worked for Illahee. All friends of Illahee are asked to call David Sands of Jill Lowery at (416) 922-3126 to get more information on Illahee's 40th anniversary celebration.

from the chamber

by Shawn Hagerman

This past Saturday, Haliburton County received full value for its investment in the Chamber. The wisdom of first building upon our strengths in committing to a three year administrative budget that would allow our manager to effectively promote our County, borrow dividends in abundance.

The long awaited "Familiarization Tour" of over forty American Travel Writers, Travel Influencers, Travel and Marketing Agents, came to town. The germ of the idea first occurred over five years ago, and it was our manager, Shirley Rapson, in cooperation with Valerie Telford of the Central Ontario Travel Association and others who put it all together. They selected and invited key people in the New York travel industry, arranged for their transportation, food, accommodation and introduced them, for the first time, to Haliburton County.

When I finally caught up with the group, at Wig-A-Mog Inn, on Saturday night, they were a very tired but enthusiastic group. In the short time they had been in the County, they had been introduced to the overwhelming hospitality of our tourist operators, community groups and individuals. They were piped in by

members of the Haliburton Legion Pipe Band, Pipe Major Earl Cooper, Andrew Cooper and drummer Gordon Kennedy. Highland dancing was performed by Faith Stephenson. The evening's entertainment was provided by Melissa Stephens, Nancy Robichaud and John Millar.

The Guild of Fine Arts had set up in the beautifully flower decorated foyer of Wig-A-Mog Inn, a display of our County's arts and crafts. The Minister of Tourism, the Honourable John Eakins, welcomed them after an excellent meal, courtesy of Art and Joan Ward.

I was seated beside a gentleman from Buffalo who had owned a Travel Agency there for over thirty years, yet this was his first experience or knowledge that Haliburton County existed. He could not believe how close we were to Buffalo, and what we had to offer his clients. He had been regularly sending them greater distances into the New England States, and here we were sitting on his doorstep.

A tour of this magnitude required extensive and meticulous planning. Its success will bode well, for the future of tourism in our County.

Outdoors

(from page 4)

determined to do it.

Safe disposal of industrial wastes - like those showing up in vegetables and meats on our store shelves - is technologically available - if we quit the bickering over where facilities should be built, and get on with the job as quickly as possible.

Also solvable are forest mismanagement, wetland destruction, agricultural land loss, and the other issues eroding the life-giving environment upon which we really do depend.

We have a choice. We can go to Hell on a handcart - waiting fatalistically for society to 'go out' with a bang or a whimper. (A bang from nuclear war. Or a whimper of mankind amid a collapsing ecosystem - like millions of frantic mice in a tank, consuming their own wastes amid outstripped resources).

Or we can act intelligently, with resolve. First to address the major issues hanging like growing millstones around our necks. And secondly, to build within today's youth - tomorrow's decision makers - the resolve to steward the system upon which all depends.

The choice is ours.

Trial set for October

The trial of three men charged with negligence in the death of a Ministry of Transportation and Communications employee has been postponed until October 29.

The dead man, Alan Brown, drowned eight months ago when he tried to clear a storm culvert. An inquest conducted last fall concluded that the 61 year old Mr. Brown should have been wearing a life jacket while on the job.

The defendants, Donald MacDonald, Donald Rutledge and Ronald Little, are all employees of the Ministry of Transportation and Communication and Mr. Brown's former supervisors. They are charged with violating section 16 (2c) of the Occupational Health and Safety Act.

If convicted, they face a maximum fine of \$25,000 and a maximum jail sentence of one year.

Justice of the Peace Dean Elliott allowed the postponement of the trial yesterday morning in Provincial Court in Minden, citing the serious nature of the charges.

Grads

Once again, summer is upon us and our educational institutions are holding their graduation ceremonies.

Most recently Durham College of Applied Arts and Technology in Oshawa announced the end of its spring term. Four students from the Highlands were among those who graduated and they were Nancy Bagg of Eagle Lake, Valerie Henderson of Haliburton, Jessica Powell of Kinmount and Lorie Sawyer of Minden.

Minden Kinsmen erect building at CF camp

On the evening of Friday, April 25, a group of 15 members of the Minden Kinsmen Club drove to Camp Couchiching - a summer camp in Orillia for children with cystic fibrosis - for the purpose of erecting a new 16 by 30 foot building for the camp. The structure had been pre-built in Minden, dismantled and moved to the site in Orillia.

They were on the job by 5:45 a.m. the next morning and had completed the floor by breakfast. At the stroke of noon on Sunday, the site was clean and the job finished.

The construction crew noted that their chairman, Doug Ripley, did an excellent job of organizing the project and also recognize the efforts of Brian Hamilton, who did the trim, and Andy Poldas who worked on structure.

Other labourers included Warren Payne, the go-for, Tim Hughes, who cleaned windows, Jim Carrell, a carpenter with a small hammer, Brian Beach, who did good roof work, Art Nye, who preferred to work on the ground, Paul Travers who enjoyed telling Art Nye he was too old to work, Larry Amyotte, the fascia board 'putter-onner' and Buck Foster, who cleaned up.

The Kinsmen estimate the work hours donated to number about 262 and they donated about \$4,250 toward the cost of materials.

The actual worth of the building, they estimate to be about \$8,394.

If the project helps campers with cystic fibrosis as well as the regular campers, the Kinsmen feel their time and money will have been well spent.

Members of the Minden Kinsmen Club proudly stand before the building erected in record time at Camp Couchiching in Orillia. The structure will serve youngsters attended the cystic fibrosis camp.

IN THE MATTER OF Section 34 of The Planning Act, 1983

AND IN THE MATTER OF appeals by James R. and Gwen Carey, Kathleen Scott, Sara A. Hutchinson, David Greenhow and others in respect of Zoning By-law 85-7 of the Corporation of the Township of Stanhope OMB File No. 860148

AND IN THE MATTER OF Section 37 of The Planning Act, 1983

AND IN THE MATTER OF an appeal by Dr. Thomas Offen in respect of Interim Control By-law 85-22 of the Corporation of the Township of Stanhope OMB File No. R 860149.

APPOINTMENT FOR HEARING

THE ONTARIO MUNICIPAL BOARD hereby appoints Wednesday, the 2nd day of July, 1986 at the hour of two o'clock (local time) in the afternoon at the Stanhope Fire Fighters Community Hall, North Shore Road at R. R. 2, Minden, for the hearing of all persons who desire to be heard in support of or in opposition to these appeals.

If you do not attend and are not represented at this hearing, the Board may proceed in your absence and you will not be entitled to any further notice of the proceedings.

In the event the decision is reserved, persons taking part in the hearing and wishing a copy of the decision may request a copy from the presiding Board Member or, in writing, from the Board, such decision will be mailed to you when available.

DATED at Toronto this 7th day of May, 1986.

J.G. Malcolm, Secretary

EXPLANATORY NOTE

Purpose of Ontario Municipal Board Hearing

RE: By-Laws 85-7 and 85-22 - Corporation of the Township of Stanhope.

On August 24, 1985, the Council of The Corporation of the Township of Stanhope gave third and final reading and finally passed By-Law 85-7, being a Comprehensive Zoning By-Law enacted pursuant to the provisions of Section 34 of The Planning Act, S.O. 1983, c.1, as amended. The By-Law serves to regulate the use of lands and the character, location and use of buildings and structures throughout the Municipality. On September 6, 1985, a Notice of Passing of By-Law 85-7 was circulated to all property owners. Property owners were given until October 1, 1985 to file written objections or letters of support to By-Law 85-7 with the Clerk of the Township. As a result, various appeals to different aspects of the By-Law were received by the Clerk. These appeals consisted generally of concerns relative to certain Commercial, Environmental Protection, Shoreline Residential Type Two and Extractive Industrial Zones contained within the By-Law.

Also, on August 24, 1985 the Council of The Corporation of The Township of Stanhope, passed By-Law 85-22, being an Interim Zoning By-Law passed pursuant to provisions of Section 37 of The Planning Act, S.O. 1983, c.1 as amended. This By-Law was passed to prohibit any use of lands on Lot 15 Concession VIII, Township of Stanhope for the purposes of a trailer camp or park, seasonal, for a mobile home park, for a mobile home dwelling or motorized mobile home; or for a trailer camp or trailer park as defined in The Municipal Act for a period of one (1) year. This one year period of time was to permit a review or study to be undertaken in respect of land use planning policies dealing with trailer camps and trailer parks.

On the 12th day of September, 1985, Notice of Passing of By-Law 85-22 was circulated in accordance with Section 37 (3) of The Planning Act 1983. As a result of this circulation, an appeal was received in opposition to the By-Law.

Subsequently, By-Laws 85-7 and 85-22 together with the subject appeals were forwarded to the Ontario Municipal Board, pursuant to the Planning Act 1983 for further consideration.

Notice of "Appointment for Hearing" by the Ontario Municipal Board, is hereby given to all persons who desire to be heard in support of or in opposition to these appeals.

Pitcher Jack Snell watches as Kevin Smith and an unidentified Hustler's infielder reach for a fly ball during a game held Thursday in Minden.

Kinsmen gather for convention

Six different inns on the shores of Lake Kashagawigamog will host a giant convention this week when Kinsmen from central and eastern Ontario gather for Highland Fling '86.

Four hundred or more guests in all are expected to have signed in by Saturday, according to Larry Amyotte, an organizer of the convention. Beginning tomorrow, they will arrive at Wig-A-Mog, Halimar, Lakeview, Bonnie View, Silver Maple and Willow Beach Cottages.

The convention will combine business and pleasure, with a plenary session, skits and a dance all scheduled.

The Kinsmen movement is designed primarily for your men aged 21 to 40. Haliburton County boasts three Kinsmen Clubs - one each in Minden and Haliburton villages and one for Gooderham, Tory Hill and Wilberforce. Together they donate thousands of

dollars to various charities.

The large Minden club, with 21 active members, plans to give away \$15,000 to \$20,000 this year, according to member Warren Payne. The beneficiaries include cystic fibrosis research, the Boy Scouts, Hyland Crest Senior Citizens Home and the Haliburton County Home Support Service, as well as various amateur sports.

They were also responsible for 14 new park benches throughout Minden village.

The active Haliburton club, with 7 members, will give away \$4,000 this year to such groups as minor hockey, men's baseball, the Boy Scouts and Girl Guides, the Haliburton Highlands Museum and Arc Industries, a manufacturing company employing handicapped people.

The Haliburton club is also organizing the annual Home and Vacation Show to take place June 13-15 at Haliburton Village.

Hustlers split pair

At home last Thursday against the Bobcaygeon Juniors, the Hustlers took it on the chin by the score of 8-2.

The locals scored first taking a one run lead in the second inning but from there on couldn't muster any offence. The game remained close until the fifth inning when the Juniors scored three runs, then added five more in the sixth for an 8-1 lead.

The Hustlers added a run

in the seventh to make the final score 8-2. Jack Snell scored both runs for the Hustlers and also took the loss. Geoff Ingram was the winning pitcher with Dale Kimble slamming a home run for the winners.

On Monday night the Hustlers travelled to Bobcaygeon with revenge in their eyes. Snell pitched a three hit shutout as the Rockcliffe boys pounded the Juniors by the score of 10-0. Greg Newell and Rick

Hartwick pounded out a double and two singles each and Andrew Burk slammed a three run triple and a two run homer to lead the Hustlers to the win. This raises the Hustlers record to three wins and one loss.

This Thursday night at 8 p.m. the locals will host Janetville. The boys sure could use some fan support this year so let's all get to the ball park and cheer them on.

Fone - a friend

by Donna Bailey

Edith McArthur for Minden and area, and Doris Moore for Haliburton and area, are our Fone-a-Friend and Friendly Visiting Conveners for Haliburton County Home Support Services. These two ladies work diligently to match client and volunteers in these two programs.

The mandate for Fone-a-Friend is that someone with common interest will phone you on a regular basis. It is especially designed for those living alone or those that are alone during periods of the day.

On the Friendly Visiting programs, someone with common interests will visit your home for a chat and will assist you with letter writing, reading, etc. if you wish.

If you are a Senior (55 years of age or older) for a Disabled Person and wish to have either free of charge services, please call our office at 457-2941 any week day between 9:00 a.m. and 4:00 p.m.

As June is Senior Citizen's Month in Haliburton County, we extend to each senior, our best wishes.

"Not too well done Harry."

Gas barbecues are a convenient and economical way to enjoy outdoor cooking, but they must be used carefully and kept in good condition.

Every summer, backyard chefs are injured and property is damaged in gas barbecue fires. Here are a few safety tips to ensure your barbecue parties don't go up in smoke.

1. There's only one way to connect a propane cylinder to a barbecue—the right way. Follow the manufacturer's instructions closely and keep the fuel hose away from any metal parts which may become hot.
2. Check for leaks regularly. Brush a soap and water solution over hoses and connectors and open the cylinder valve. If there's a leak, bubbles will form in the soap film.
3. Keep your barbecue at least 10 feet from buildings, overhangs and combustible structures.
4. Don't try to light a barbecue with the lid closed. If it fails to light or goes out, turn the gas off and wait five minutes before relighting.
5. When finished, close all valves.
6. Never bring propane cylinders indoors.

A small leak
can cause
a major
explosion.

7. If you suspect your barbecue isn't working properly, have it checked by a qualified serviceman.

Make sure you don't have to invite the fire department to your next barbecue. For a free copy of the brochure "Living Safely with Propane", contact the Consumer Information Centre at 555 Yonge St., Toronto, Ont. M7A 2H6—(416) 963-1111 or toll free at 1-800-268-1142.

Ontario residents with an 807 area code may call the 416 number collect.

County well represented

by Bruce Armstrong

It was in the February 19 Drop-in Centre Column that the first mention was made of Ontario Senior Games, and the Kitchener Actifest '86 Provincial finals to be held in August.

Here we are in early June and already 14 of the 34 winners have been declared. The Muskoka Committee have just cancelled 99% of their games plan due to lack of interest - it must be assumed that they did not enjoy the same excellent local newspaper, Service Club, Volunteer and Community support that we have! This means that the shuffleboard and 5-pin bowling champs can

practice up for direct Kitchener competition with the others - with one exception; one golfer from Gravenhurst will meet one of our handicap winners.

Last Tuesday at the Legion, Maxine Cross and Fred Knight and Albert Crego and Bill Mighton were the top darts duos; they will meet 120 of the best. Then at Carnarvon on Wednesday, the top 6 men and 4 women of the 60 bowlers were determined; there will be about 300 other Senior bowlers at Actifest '86. Let's keep practising - Virna Wagg, May Jones, Wes Stata, Bob Elder and Jack Hill and team no. 2, Joyce Hill, Bea James, Bruce Armstrong, Gord Darby and Bill

Mighton (but Bill can't go twice, so a team no. 3 member will move up).

June 13th is the date to remember for the Awards Ceremony immediately following the barbeque lunch which will be free to all games participants. This will be held at Rotary Park and please take advance

notice - everyone should bring their own folding chairs as there is a local man-power problem regarding the moving of tables.

Looking ahead, wouldn't it be nice if our 34 Haliburton representatives had some distinctive Haliburton identification?

The Electricity People

**Heat where you need it...
Electrically**

Is your family room giving you the shivers? Electric room heaters are the perfect answer for any hard-to-heat areas around your home.

Choose from a wide range of electric room heaters for one that best suits your needs. Neat, compact units can be inserted into a wall or floor, or under cupboards. They can also be mounted on a wall, or along the baseboard. With a separate thermostat you select the exact temperature for comfort when and where you want it. Installation is fast and easy. No need to add or change any ductwork.

Discover the range of electric room heaters and warm up those hard-to-heat areas.

Walkers raise \$10,000 for Indian wells

The air was chilly, but the rain held off long enough to allow 100 participants to take a 20 km walk around Lake Kashagawigamog on Saturday morning.

Known as the Walk for Water, the event has been staged for the past three years by Haliburton County's Help a Village Effort (HAVE). According to the co-ordinator of the walk, Neil Hutchinson, this year's goal of \$10,000 was met, which is \$3,000 higher than last year's amount.

HAVE's purpose is to provide water wells for villages in east-central India. Some of the wells are 200 feet deep and cost as much as \$1,000 to bore. The money to pay for pumps will be raised by HAVE at a concert to be held in Haliburton this fall.

This year's route was 5 km shorter than in previous years. All of it was on dry land, except for a short boat crossing over Lake Kashagawigamog.

The walk began at 8:00 a.m.

The first person to finish

the course was Mark Carl, a grade 13 student at Haliburton Highlands Secondary School. A member of the school's track and field team, Mark arrived back at the bandshell in Haliburton Village at 9:40 a.m.

The most senior participant was 74 year old May Hicks. Her words, "I love to walk" summed up the event's draw for her and many others. Mrs. Hicks raised \$600 this year in the walk, the most she has raised in the three years she has participated.

Two dogs were also in the walk. Jake, the three-legged dog who is owned by Simon

Reid, had an obvious disadvantage alongside Merle Reid's Kristie. Nevertheless, as one walker quipped, "Jake did it on one more leg than the rest of us."

After the walking was over, the participants were treated to hot dogs, soft drinks and some uplifting songs performed by Mr. Hutchinson and his musical friend Magoo.

Students at Haliburton Highlands Secondary School are also chipping in to the water well cause. A dance held at the school on Friday night raised \$600 for HAVE and the student council will add \$400 to that figure.

May Hicks, at 74 the oldest participant in the Walk for Water, is greeted at the finish of the course.

June 7 & 8

Minden, Ontario

MINDEN FAIR GROUND

A welcome from Ride organizers

Welcome and thank you!

As Chairman of the Ontario Road Riders Association (the organizers of the 1986 Ride for Sight) and as a member of the Board of Directors of the National Retinitis Pigmentosa Foundation, I would like to welcome you to the Ride for Sight. Thank you all for your participation and your efforts on behalf of those people who are or will be afflicted with retinitis pigmentosa.

The Ontario Road Riders Association is as its name implies an association of road riding clubs in Ontario. The Association was formed in 1980 in part to co-ordinate the efforts and activities of motorcycle clubs and riders throughout the province.

Together the clubs put out a road riding event calendar that takes in most of Ontario (a copy of which is contained elsewhere in this paper). The Ontario Road Riders Association also provides its member clubs with very reasonable liability insurance as well as being a liaison or sounding board regarding legislation and public relations.

At present the membership within O.R.R.A. consists solely of Ontario clubs and a few associated American clubs. There are 35 - 40 clubs or chapters of larger clubs registered and that number continues to grow. What about your club? Each club or chapter has an O.R.R.A. representative who can vote on motions and proposals. Any number of the club membership may attend the meetings but only one vote per club or chapter is allowed.

We meet at Sheridan College, Brampton Campus (on the S.E. corner of Steeles Ave. and McLaughlin Rd. - 2 lights west of No. 10) every two months on the last Saturday in Sept., Nov., Jan., March and May. If your club or chapter is not a member why not come to a meeting and consider taking part.

Listed below are the known clubs or organizations that took part in last year's Ride for Sight -

A.B.A.T.E.
Blue Knights Motorcycle Club
Brampton Motorcycle Association
B.R.O.
C.F.B. Borden Motorcycle Club
Canadian Gold Wing Owners Association
Canadian Sidecar Owners Association

Riders from throughout Ontario and beyond participated in the 1985 Ride for Sight.

Christian Rider Motorcycle Club
Defenders Motorcycle Club
Eagle Riders
Gold Wing Road Riders Association
Highway Club
Huron Club
Huron Bruce Motorcycle Club
Huronia Motorcycle Club
International Christian Bikers Association
Michigan Gold Wing Owners Association
Motor Maids Inc.
Muskoka Motorcycle Club
National Chopper Club
Nickel City Riders
Nipissing Voyageurs Motorcycle Club
Northern Lights
Nortown Motorcycle Club
Ottawa Valley Touring Association
Red Knights Motorcycle Club
Retreads
Simcoe Touring Club
Temiskaming Road Riders
Tower City Motorcycle Club
Trent Valley Motorcycle

Club
Venture Touring Society
Weekend Riders Motorcycle Club
Welland County Motorcycle Club
Wheelstanders Trike Club
and last but certainly not least is the York Wings Motorcycle Club (The originators of the Ride for Sight)

I apologise for any errors or omissions in this list of participating clubs. To make sure the name of your club is not left out this year please make sure your club name is on the registration form.

I would like to take this opportunity to thank everyone who took part in the organization of this year's event and in particular to Art Rea, O.R.R.A.'s Ride for Sight Chairman and his wife Lyn. Thank you all for a job well done!!!

Gerry German,
Chairman,
Ontario Road Riders Association

The weekend at a quick glance

Saturday

Field events including the Shine and Show will get underway at 1 p.m. on the fairgrounds. The activities will continue until 5 p.m.

Demonstration rides will take place from the manufacturers' booths located on the fairgrounds beginning at 1 p.m. The rides will continue until 4:30 p.m.

The Casino and Trade Fair in the Curling Club building will open at noon and continue until midnight. The casino is operated by the Minden Curling Club. A bake sale, sponsored by the Our Lady of Fatima Roman Catholic Church in Minden will also take place in the curling rink, featuring freshly baked goods.

The Haliburton Highlands Trade Fair and mini-exposition will be in operation all day until 8 p.m. at the Community Centre. The show provides an opportunity for visitors to obtain a quick overview of the area and meet individuals from the community. Arts and crafts from area artists will be on display and for sale.

Dinner, featuring a roast beef plate or roast beef on a bun will be available from 5 p.m. on from the kitchen at the rear of the arena, near the entrance to the campground. Advance tickets will be on sale throughout the day.

The Ride for Sight presentations will take place at 8 p.m. in the arena. Trophies, prizes, awards, bouquets and more.

Dancing begins at 9 p.m. in the arena. Music provided by a disc jockey.

Sunday

Breakfast is yours on the site from 5 o'clock when the Minden Figure Skating Club begin serving coffee, juice and muffins. Those interested in the complete pancake and sausage breakfast should be on hand anytime after 7 a.m.

A motorcycle tour of the Highlands will take place Sunday morning at 10 a.m. Form up at the lower parking lot of the arena and follow-the-leader to Haliburton Village and back along some of the most scenic highways Ontario has to offer.

Minden shares your concern

The various community and service groups serving as your hosts this weekend share your interest in and support for the Retinitis Pigmentosa Foundation of Ontario. All those Minden groups providing services to the riders during the weekend have agreed to contribute 15% of their net profits to the RP Foundation. This is similar to donations made last year.

As well, merchants throughout the community have supported Minden businessman and motorcycle enthusiast John Pentney who is participating in the 1986 Ride for Sight.

Further support for John's efforts will also result from the advertising which appears in this special supplement to the Minden Times. 15% of the gross advertising costs from this edition will be donated to the Retinitis Pigmentosa Foundation of Canada.

The community of Minden shares the concern of motorcyclists from throughout Canada for this cause. We welcome you to our community and hope you enjoy your weekend.

The Ride for Sight - how it all began

by Bob Vickers
York Wings
Motorcycle Club

It all began in 1978 when Murray Hadfield of the York Wings Motorcycle Club in Toronto approached the club with the idea of a ride to raise money for charity. With the help of other club members and other motorcycle clubs in Ontario he developed the Ride for Cancer with riders getting pledges by the mile, in the style of the walk-a-thons. The route was between Windsor and Ottawa with checkpoints along the way. The ride was quite successful, raising \$24,000 and it was decided to hold another charity ride the following year.

An acquaintance of Jim Bentley's, then president of York Wings, had R.P. and made him aware of the R.P. foundation who were most enthusiastic when presented with the idea of a ride to raise funds, so in 1979 the Ride for Sight came into being. This first year it was run on the same format as the Ride for Cancer, with support from the Canadian Motorcycle Associa-

tion and local clubs, and raised around \$10,000.

The following year's ride was very similar but organized by 'Freewheel-in', a short-lived bike magazine produced by Jim, and with the sponsorship of Molsons. However the format seemed to have lost its appeal and the intake this time was a disappointing \$4,100.

In 1981 the newly formed Ontario Road Riders Association took over the organizing, with Ralph Ashford, then president of both O.R.R.A. and York Wings heading up the effort. There was an important change of format in that everyone would ride to a rally site at Bass Lake Provincial Park. This meant that the money could be raised in advance, no need for the riders to go back and collect pledges later, and they could get together to party and celebrate what they had achieved. In this case it was the collection of \$7,300 - something of an improvement.

For '82 Sid Rochweg took over the reins on behalf of O.R.R.A. with the assistance of Doug Jameson and Ralph Ash-

ford. More co-sponsors were found: significantly Yamaha, who donated a Vision and a Beluga scooter to be given away, and Cycle Canada magazine who provided much needed publicity and included pledge sheets in their magazine. The Ride for Sight logo was designed by Marty Levesque of Cycle Canada (incidentally a combination of the Motorcycle Safety Foundation bike on the R.P. eye logo).

Both Ottawa and Metro Toronto declared an official Ride for Sight Day with a huge group of riders leaving the C.N.E. grounds for Bass Lake again. This year was a resounding success with \$66,000 raised. Sid and O.R.R.A. each received the Motorcycle and Moped Industry Council award for outstanding contributions to motorcycling for this year's efforts.

Bruce Macmillan of the M.M.I.C. now became involved and he, Sid and Marty felt that the Ride for Sight could be really big. They decided to go nationwide, with Sid as national chairman, and

with the co-operation of clubs and dealers across Canada eight provincial rides were arranged for the same day. More companies donated products and the big four Japanese manufacturers each donated one 550 c.c. bike.

The M.M.I.C.'s promotional company arranged for a symbolic torch to be ridden across country by motorcycle clubs from Victoria to St. Johns. Local politicians jumped on the bandwagon and press coverage was extensive. The grand total collected this year would be an amazing \$215,000.

So in 1983 the National Ride for Sight was born!

1985 Toronto contingent arrives in Minden.

1986 Ride for Sight target - \$500,000

Ride for Sight motorcyclists across Canada have raised close to \$1 million for RP EYE research since the first Ride for Sight was organized by Ontario riders in 1979. That first Ride raised \$5,000. The motorcyclists' national goal for the 1986 Ride for Sight is \$500,000.

Ontario motorcyclists riding to the Minden Fair Grounds this weekend will participate in the largest of the sixteen individual Ride for Sight rallies being held across Canada that same week end.

The commitment of the motorcyclists to prevent blindness and save sight has increased each year. In 1985, the funds raised through the Ride for Sight accounted for 60 percent of funds granted by the Retinitis Pigmentosa Foundation of Canada to research scientists seeking a treatment and cure for RP EYE diseases.

RP (retinitis pigmentosa) is not just one disease. RP is a family of related genetic disorders which destroys the cells of the retina and gradually leads to blindness. No way to prevent or stop RP eye diseases has yet been found.

Many of the 40,000 Canadians affected are children and young adults. Their hope for sight lies in research which will find answers to the baffling RP eye diseases.

The RP Foundation has been raising funds since

RP Foundation Fighting For Sight

Simulation of Retinitis Pigmentosa

1974 and is now the largest private organization funding eye research in Canada. Close to \$3 million has been granted by the Foundation to scientists across the country in the past twelve years. Pressures for increased funds are growing rapidly as a result of the serious decrease in government spending for research.

The Ride for Sight this weekend will make a significant contribution to the \$1 million fund raising goal which the RP Foundation has set for 1986 so that RP eye research can continue.

Every dollar is counted carefully as riders register at last year's event.

Harley-Davidson brings back classic

A "blast from the past" will be seen on the streets of Minden this weekend as Harley-Davidson, America's premier motorcycle manufacturer, introduces its new FLST Heritage Softail, a recreation of Harley-Davidson's classic American motorcycle of the late 1940's and 50's at the Ride for Sight weekend.

"Anyone who remembers the classic Harleys or admires the looks and unique features of these legendary American bikes is going to love the FLST Heritage Softail," said Barry Wilcox of Deeley-Harley-Davidson. "It's designed for those who want to enjoy up-to-date handling qualities, performance and durability in a truly unique form of transportation."

The Heritage Softail combines classic American styling, including telescopic forks styled

like the originals introduced in 1949, with 1980's Harley-Davidson engineering technology to give it superior performance and rideability, Barry said. At the rear, hardtail styling - referring to pre-rear suspension era bikes - is also reminiscent of the early classic motorcycles. Instead of the bumpy ride associated with original hardtails, the ride is 80's soft, thanks to gas-charged rear shocks, mounted horizontally beneath the transmission.

While modern suspension engineering aided by computerized design and test equipment give the Heritage Softail its smooth ride qualities, and the look remains in the past, right down to the 16-inch wire wheels, seven-inch chrome headlamp, chrome horseshoe-shaped oil tank and rear fender supports, Barry said.

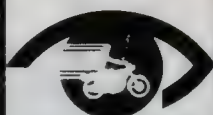

The Harley-Davidson FLST Heritage Softail.

1985 Ride for Sight Minden tent city

BRO - top group at 1985 Ride for Sight

BIKERS RIGHTS ORGANIZATION (ONT.) is a group of approximately 800 independent riders who have chosen to concern themselves with the issues that affect the lifestyle of the motorcycle rider. The B.R.O. insignia can be seen across the country from the east to west coast, as well as in such outlying areas as England, Europe and New Zealand.

It was formed in the 1970's when the legislation for the mandatory use of helmets was imposed. Since that time as its numbers grew, we have also addressed ourselves to other issues that affect each day and every rider on the road today:

- Safety
- Public Image
- Police and Community Relationships
- Current and Pending Government Legislation

In order to address these concerns, we have developed a number of programs that we have found to be successful. We, as an organization, were instrumental in having the motorcycle ban lifted from the Pinery Provincial Park earlier this year.

One of our most important programs involves the support of charitable causes (both locally and nationally) and the Ride for Sight is considered to be a major component of our program (although not the only organization that we support with our organizational time and effort - ie: Niagara Falls - Fort Erie Community Outreach Program, Quinte and Lanark Regional Rides for Junior Diabetes, and many, many more).

For a number of years BRO has captured the

RIDE FOR SIGHT PARTICIPATION AWARD as the largest organization in attendance. This year we have also been involved in some facets of the organization of the ride as well.

BRO is genuinely concerned with maintain-

ing the freedom of lifestyle that is inherent in the sport of motorcycling.

We want those who choose to ride in the wind to ride safely and to ride with the right to choose.

Educate, don't legislate.

Ride free in '86.

BRO representative "Swill" accepts the trophy from 1985 Ride for Sight chairman Art Rea for having most members participate.

Many Minden groups host the 1986 Ride for Sight

There are many individuals and organizations in Minden who have worked hard to make this weekend a successful one. This brief rollof of participants who assisted in the organization of this year's event will provide some indication of the community support and dedication generated in Minden for the Ride for Sight.

The Municipality of Anson, Hindon & Minden

The municipality has provided enthusiastic support again for this year's Ride for Sight. Reeve Sinclair Nesbitt along with members of council Bern Berry, Vern Graham, Bob Sisson and Royce Miller have ensured that facilities for campers have been provided. Municipal staff Brian Sisson and the parks and recreation staff members have also played an important role in providing for the comfort of visitors.

Haliburton Highlands Chamber of Commerce

Manager Shirley Rapson and her capable staff have co-ordinated accommodation facilities other than the on-site camping. Their toll free number has ensured that any rider is as close as a telephone to information about the Haliburton Highlands.

CHACE Minden

The initials stand for the County of Haliburton Association for Child Enrichment. They provide a drop-in centre in downtown Minden for parents and children. The organization also provides support services for parents and a place for parents to meet in a casual setting to "compare notes" on child rearing. CHACE will be providing a refreshment stand on the fairgrounds during Saturday's activities. Proceeds will be used to continue their work. Riders with children are invited to visit CHACE in downtown Minden all Saturday afternoon.

Rotary Club of Minden

The largest service club in the community, the Rotary Club will be your hosts Saturday afternoon and evening at a beer garden and dance. The beer garden will be open during the afternoon with the dance, recorded music, scheduled to begin at 9 p.m. Funds raised by this activity will be used for community projects.

Curling Club

There isn't much curling going on these days so members of the Minden Curling Club decided to open their doors and provide entertainment in the form of a casino. The club is located adjacent to the fairgrounds. The highlight of the day-long event will be minnow races. We understand the small fish will be racing the length of a piece of eavestrough, however, we're uncertain how they manage to keep those saddles on the backs of the small fish.

Included in the curling club casino will be a trade show and bake sale featuring freshly baked goodies from Minden kitchens. The bake sale is sponsored by Our Lady of Fatima Roman Catholic Church. Proceeds from the casino will be used to support the operation of the curling club. The Church will be using the bake sale proceeds for their building extension fund.

Minden Fire Department

Members of the Minden Fire Department will be on hand during the day Saturday selling 50/50 draw tickets. The firemen will also monitor the giant bonfire planned for Saturday evening near the entrance to the campground. The fire will be lit at dusk and doused at 11:30 p.m. The draw for the 50/50 raffle will take place at 11 a.m. Sunday morning at the pancake breakfast. No, you don't have to be in attendance to win. They'll send the winner his/her share of the pot. By the way, the half retained by the firemen will be donated to the Muscular Dystrophy Society of Canada.

St. Paul's Anglican Church

Once again this year the members of the Minden Anglican parish will cater the supper for the evening. This time, diners will have a choice between a complete roast beef dinner plate including potato salad, coleslaw, roll, pickles and coffee for \$8.00, or freshly sliced beef on a bun served with coleslaw, gravy, pickles and coffee for \$4.50. Advance tickets for the dinner will begin at noon ... look for the ticket booth in the arena lobby. There is no advance sale for beef on a bun meals. Both meals will be served at 5 p.m. from the rear of the arena near the campground entrance. Seating is in the arena or where

Minden merchant John Pentney will be taking part in the 1986 Ride for Sight

ever you feel comfortable. Proceeds from the dinner will be used to support church work in the community.

Lions Club

Minden's newest service club will be operating a chuck wagon on the fairgrounds during Saturday. They will be serving a variety of hot and fast foods plus cold drinks and other treats. Look for the Lions Club booth just inside the gate, by the Curling Club entrance. Proceeds from the day's sales will go to community projects.

Minden Figure Skating Club

This group of hearty individuals will be there to greet you as the sun peeps over the horizon Sunday morning. They will be providing breakfasts for hungry riders all Sunday morning. For the early risers, coffee, tea, orange juice, milk, fresh fruit and home made muffins will be available from 5 a.m. Those looking for heartier fare will find the pancake and sausage the ideal treat. The full breakfast will be served from 7 a.m. Breakfast will be served in the Community Centre, upper level. The three pancake, three sausage breakfast with butter, maple syrup and tea or coffee is being

offered at \$3.50. Proceeds from this effort will be used to support the work of the Figure Skating Club.

Agnes Jamieson Gallery

The gallery committee will provide visitors with an interesting glimpse of the Haliburton Highlands in a neat little package. All day Saturday in the community centre, the gallery will be hosting a Haliburton Highlands trade fair and mini-exposition. Displays featuring log building, area accommodation, and resorts, local arts and crafts, retail services, attractions and information will be yours for the viewing at the Community Centre, upper level all day Saturday. Stroll around, talk to the exhibitors, enjoy a cup of coffee and relax. This will be an excellent opportunity to find a special souvenir to remember Ride for Sight 1986. The trade fair and mini-exposition opens at noon and continues until 8 p.m. Proceeds will go to the furthering of the work of the gallery in Minden.

Minden BIA

This association of Minden merchants is providing free transportation between the community centre and downtown Minden throughout the day Saturday. The

bus will operate on a continuous loop from the arena to the downtown area, including stops at the LCBO and the beer store. The ride is free and no one will ask you to take a breathalyzer test if you're a passenger on the bus.

Arena snack bar

Garth and Peggy Gammon and their staff are ready again this year to serve their usual fine fare of hot dogs, french fries, sandwiches, soup, pop, coffee, chocolate bars, cigarettes, pop corn and bug spray. The snack bar is located in the arena lobby, lower level, adjacent to the beer garden. It will be open throughout the afternoon to 5 p.m., close for two hours over supper and reopen for the evening.

Boy Scouts

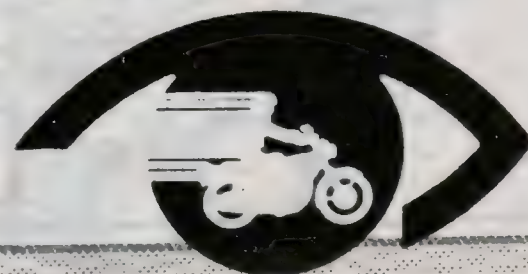

Members of the Minden Scouting Community have agreed to provide campground clean-up services again this year

for the Ride for Sight. The Scouts are not paid for this effort but do glean funds for their organization through the returnable bottles and cans left behind by the campers. Last year the campers were very co-operative in assisting the Scouts in their task. They look forward to similar assistance this Sunday morning.

Contributions

All groups participating in the Ride for Sight this year have agreed to contribute 15% of their net profits to the Retinitis Pigmentosa Foundation of Canada. This contribution is in recognition of the great need of the foundation and in appreciation for the opportunity provided by the visit of the Ride for Sight to our community. We all hope you enjoy your stay.

The co-ordination of volunteer groups and services this year was under the chairmanship of Jack Brezina.

Blue Knights plan annual Toy Ride

On Saturday, September 6, 1986, the Blue Knights Ontario IV (Toronto Chapter) will run its ninth annual Toy Ride to collect toys for the Salvation Army to distribute at Christmas.

The objective of the Ride is to provide toys for needy children and an opportunity for motorcycle enthusiasts to get together for a major parade event. In 1985, some 800 bikes took part and toys worth almost \$18,000 were collected.

Through donations from both companies and private individuals, free refreshments are provided at both the beginning and conclusion of the ride for those who attend.

Blue Knights cruise through Toronto on their annual Toy Run.

While the humanitarian aspect, that of providing for underprivileged children, remains the prime reason for staging this event, the Toy Ride has a secondary purpose. Both as Peace Officers and also as members of a motorcycle club, the Blue Knights must serve as role models to the community, maintaining a respectable image and fostering a safe and responsible attitude in the eyes of the public.

Unfortunately, the

image of motorcycles, and those who ride them, sometimes suffers at the hands of the media. They foster an image of motorcyclists as different and less responsible than the public at large. While this concept may make "good press" it is the exception and does not portray the true image of the everyday motorcycle rider, who may well be your next-door neighbour.

Therefore, through this act of charity and good

will, the Blue Knights of Ontario Chapter IV are endeavouring, not only to provide for children in need, but also to make a presentation to the public, in a very demonstrative way, that "all bikers are not necessarily bad".

Clutching their fuzzy stuffed friends, children attending the CHACE Place Teddy Bear's Picnic Saturday listen intently as Eric Lilius reads a story about teddies.

Police report 2 major mishaps

The number of vehicular accidents and thefts remained steady through this week, according to the Minden detachment of the Ontario Provincial Police.

As with the week before, there were 17 motor vehicle accidents and 13 thefts reported in the week of May 26 to June 1.

Jo-Ann Pearson of Haliburton was driving a motorcycle southbound on Highway 121 at Cedar Avenue last Wednesday in Haliburton Village, when her vehicle collided with one turning left from the opposite lane. The driver of the vehicle, Wendell Wood has been charged.

On Saturday another motorcycle was involved in an accident on Highway 35 south of the Wren Lake bridge, in Sherborne Township. Robert Frolich drove his cycle off the road on to the right hand side ditch, injuring himself and passenger Kevin Boneham slightly. Mr. Frolich of R.R.2, Whitby, was charged with driving while under suspension.

Student injured

A summer student working for the Ministry of Natural Resources, William Rogers, fell about fifty feet from a fire tower at the Leslie Frost Centre in Sherborne Township. The accident occurred at 8:00 p.m. last Wednesday.

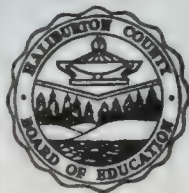

Mr. Rogers, of Mississauga, was severely injured by the fall but is expected to recover.

Strip without the Grind

It's easy as 1, 2, 3.

- 1** Simply brush on Cuprinol Paint and Stain Remover to remove most paints or stains from wood, metal and masonry.
- 2** Wait. Allow the product to work.
- 3** Now, just wash off the old paint or stain with your garden hose and brush. It's that easy. And it's safe to use around plants and lawns.

For outdoor use only.

CUPRINOL® does it right.

The name Cuprinol stands for higher quality Wood Stains, Coatings, Preservers and Paint and Stain Remover.

Province delivers series of grants

In a series of news releases the Provincial Government has announced grants for the County of Haliburton totalling \$224,015.

The largest part of this funding - almost \$200,000 - is to go toward the

maintenance and construction of roads. John Eakins, Minister of Tourism and Recreation, broke the news of this grant on behalf of Ed Fulton, Minister of

Transportation and Communications. "The Government of Ontario is committed to roads," he explained.

Part of the announced

funding, \$23,035, is to be spent on maintenance of recreation facilities, such as arenas and community centres. These facilities play a vital role in the life of a village, noted Mr. Eakins, who announced this grant as well.

The remainder of the funding, \$4,180, is being given to the Haliburton County Information and Referral Centre by the Ministry of Citizenship and Culture. It is the Ministry's policy to contribute to operating expenses and development of community information services across the province.

The grant of \$196,600 will

be divided among five townships:

- \$66,900 will go to the Township of Glamorgan for road construction.

- \$18,700 will go to the Township of Monmouth for LCB roads.

- \$36,100 will go to Anson, Hindon and Minden for equipment replacement.

- \$32,500 will go to Sherborne et al for equipment replacement.

- \$42,400 will go to Stanhope Township for the replacement of a bridge.

The grant of \$23,235 for the update of recreation facilities will be shared by Stanhope, which will get \$3,235 for improvements to the Firefighters' Community Hall, and Dysart et al, which will get \$20,000 for improvements to the Haliburton Arena and its equipment.

Stanhope limits boathouse heights

From now on, all boathouses in Stanhope Township may be built only with the neighbours' approval and must be single storey, according to a resolution passed at the May 13 meeting of the Stanhope Council. The intention of the resolution is to prevent people from constructing living quarters in the same building where dangerous fumes may also be present.

"Also," explains councillor Ann Barker, "We're trying to stop ugly or unsightly buildings from

being put up, and we think that by giving neighbours a choice, a lot can be done here." Mrs. Barker also says that similar legislation is already in effect. For the last twelve years it has been illegal to build two storey boathouses, and "We thought by restating the law in this resolution, we could reinforce it."

She admits that there are some two storey boathouses in Stanhope, but they were built before there was a law against it. These buildings are therefore not affected by the legislation.

Council briefs

Items from the May 27 meeting of the Anson, Hindon and Minden municipal council.

Financial briefs

The financial statement for 1985 was presented by Municipal Auditor Gary Thurston. Among the highlights of that report:

-the loan for the Minden Community Centre will be paid off in 1992.

- the loan for the Minden Fire Hall will be paid off in 1986.

- the loan for the Minden sewage works will be paid off "in the year 2000 plus." (Mr. Thurston was not specific).

- the operating bill for the sewage works, which the Municipality pays to the

Ministry of the Environment, is \$12,000 a month.

Museum

The Minden Museum Committee made a delegation to ask council if the money promised by the municipality for the

construction of a Heritage Park - \$10,000 - was conditional on the Committee's getting sufficient Government funding for the program. Council said it was. It was also pointed out that, if the plan for the Park goes through, it will be constructed according to drawings now being put together by a town planning consultant.

Fair building

Susan Stevens made a delegation to ask council its position on the Minden Fair Committee's plan to construct a building on the town fair grounds. Reeve Sinc Nesbitt postponed the decision until next Friday, arguing that councillors would have to see potential sites before any decision can be made.

Race track

The Snowmobile Association's plan to build a motorcycle hill climb facility near the town dump was discussed. It was decided that before any decision could be reached, a proper

plan of the proposed track would have to be completed.

Memory

Council voted to purchase a new hard disk memory for

the municipality's computer. The old memory, a Tall Grass system, is defective, said Clerk-Treasurer Bev Millar. The new system will cost approximately \$2,500.

EXTRA STRENGTH.

Our B6200HST now comes with extra strength under the hood. The liquid-cooled, 3-cylinder diesel engine provides 15 horsepower. At the same time, we've increased hydraulic capacity to make this hard working Kubota even better. A hydrostatic transmission is also standard equipment for easy shifting from forward to reverse. And you have a choice of 2- or 4-wheel drive. A 3-point hitch plus 2-speed live mid and rear PTO outlets give you the versatility to handle any kind of implement. See all the strong points of the Kubota B6200HST soon.

senior league

by Edna Cowan

by Pearl Lyle

Well Folks, here I am again! Sorry to report Edna is not very well yet, we do hope and pray she will soon be feeling better.

Sunday evening service

was held by Mr. and Mrs. Thompson as Rev. Burgess still isn't well enough to take over. Tuesday morning service was taken by the Assistant Minister from Haliburton Anglican Church. It was unusual but much enjoyed

by all present.

Wednesday morning at Fun & Fitness Edith Welch tells me she won a perfect score at Horseshoe pitching. Millie Wood had her two daughters for dinner with her Sunday night.

Mr. and Mrs. Houghton and girls came Wednesday evening and entertained us with music and singing. It was real nice.

Mrs. Todd had her grandson and his mother in

to visit her, also a short visit with her daughter-in-law.

We are really sorry that Mrs. Wright is leaving Hyland Crest, but we wish her the best of luck in her new position at the Hospital.

On June 3rd, the grade 8 students are coming to challenge us to a spelling bee. (I would vote on the older folks, how about you?)

Thursday afternoon the ladies from the Minden Horticultural Society came with the goodies for our Tea Party. There was also a beautifully decorated birthday cake for the two who had May birthdays, Mrs. Millie Wood and Mr. Fred Bamforth.

Walter Ackerblade called to see his sister, Mrs. Mable Buttery, and Mrs. Shuyler had her son in to see her.

It's nice to see Dr. Good in to greet us all. He looks real well.

Our sympathy goes to the family and friends of Mrs. Chalmers who passed away on Thursday night. On Saturday afternoon Mr. and Mrs. Earl Hewitt accompanied by Angus Coulter and Pearl Lyle attended the celebration of Leslie Coulter's 65th birthday. There was quite a crowd. A good time was had by all.

Sunday morning Mrs. Myron Bethune from Utterson came in to see her aunt. (Pearl Lyle) Rod and Janet Consack and family came in Sunday to visit our new resident, Charlie Brohm, who by the way we welcome to Hyland Crest. We hope he will like it here.

Tessa Davis had her granddaughter Velma Stevenson in to visit with her. Alfred Richardson had his sister, Mrs. Harrison call on him Sunday.

I believe that is all the news we have for this time. See you next week.

kid's korner

by Jean Lacey

Hi Kids!!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Q: What stays hot even if you put it in the refrigerator?
A: Pepper.

Q: What would you get if you crossed a centipede with a parrot?
A: A walkie-talkie.

Q: What kind of beds do fish like?
A: Waterbeds.

Trent-Severn Waterway report

Rain, which began the day navigation opened, Friday, May 16, resulted in the closure of navigation along the Otonabee River by Friday, May 23, and on Trent River by May 27. Re-opening of the navigation locks is planned along the Otonabee by Sunday, June 1, and Monday, June 2, on the Trent.

Additional water collected in Haliburton area lakes brought them up to an average level of 95.3% by Monday, May 26. This is very near the 10 year average for that date. Some surplus had to be discharged from the Burnt River lakes where an additional rainfall had occurred on the 23rd and 24th. Only a small surplus, generally south of Minden, needed to be discharged from the Gull River.

Kawartha Lakes levels are receding quickly now, with Balsam, Cameron and Sturgeon back to the proper levels for summer. With only a modest rain from thunder storms expected in the next four days, conditions should soon return to normal for summer.

Mr. and Mrs. Goldie Henderson and Mary Cox returned home last week after an enjoyable motor trip through 7 states, a stop at Mt. Rushmore, Yellowstone Park and then on to visit a daughter Pam Lake at Chilliwack, B.C. John Lake was away on manoeuvres with the Armed Forces. They also had a visit at Expo and visited other relatives on the way home, being away 3 weeks and one day.

Minden Rotary Bingo on May 27th had a very small crowd, they need more people there. The Nevada Hat was worn by Hilda Harrison, Flo Dollo got "Winner Take All". The Garbage Bingo had Sharon Allan being the last one standing. The final game for a full card had winner Mrs. Worrell. The next games will be Tuesday, June 17th, so try to get out so the Rotary will continue their Bingo games.

Hint of the week: Fold plastic shopping bags and place them flat in an empty tissue box. They really will come out one at a time.

The Craft Group from Staunworth Court are thankful for the use of quilting frames and clamps which they borrowed from the Cultural Centre.

Sincere sympathy goes to the families and friends of the late Mrs. Jesse Chalmers, Tom Thompson and Ken Lewis, whose funerals were since last week.

Bob, Barb and Tracy Davidson from Ottawa and Paul Davidson from Thornbury spent a weekend at their cottages on Minden Lake.

Richard and Laura Kirkwood have returned home from an enjoyable holiday in Wales, Scotland and England.

All her friends send good wishes to Louella Yearwood who is a patient at Ross Memorial Hospital in Intensive Care.

The Earl Bird Family, the Allan Brydsons, and Garnet Moore and family all enjoyed a day at Peterborough and also at the races. A great way to celebrate your birthday Irene Moore, and may there be many more to come.

There was a 25th wedding anniversary party at Faraday Community Hall, near Bancroft, last Saturday in honour of Basil and Darlene Cox. The dance, with buffet luncheon after, was enjoyed by their many relatives and friends.

June 11th will be Lola Prentice's birthday and all her friends send good wishes on her special day.

Sunday there was a gathering of all her family to say "Goodbye" to Marion Sedgwick who is leaving on Friday for Papua New Guinea for another 3 years as Teaching Nurse. This was held at the Wendall Sedgwick farmhouse at Gelert.

Recently Helen Buttior of Peterborough and Jessie Prentice of Lakefield along with Ada Lewis visited Lily Fry at Haliburton.

The County Town Museum is currently displaying an impressive collection of Rocks and Minerals from Haliburton region. This has been provided by Pat Flager from the Ministry of Natural Resources at Bancroft. There is also a display of early medic services in Haliburton, including an early X-ray machine, Agnes Jamieson's Medical Kit, an early dental kit as well as early apothecary utensils from the Minden Drug Store loaned by Mr. and

Mrs. Paul Heffer. Hours at present are 1 - 4 but with a student coming these will be soon 10 - 5.

Coming events are many - H.A.V.E. Walkathon for Wells June 7th. Phone 286-2647. Kinsmen - Kinette District 8 Convention in Haliburton. 286-1819. Ride for Sight in Minden. 286-1760. Minden Agricultural Society meeting in Agricultural Building at Fair Grounds Wednesday, June 11 at 7:30 p.m. Archie Stouffer Home & School Annual Fun Fair at the School on Saturday, June 14 from 11:00 - 1:30. Food will be served and there will be games and fun. Minden & District Lions Club Walk-a-dog-a-thon June 15th starting 1 p.m. at the Community Centre. Proceeds to Canine Visions Canada. Pledge sheets at Pet Food Place, McMahon Feed and at the School and from

Lions members.

Did you know the craft group at Staunworth have made a quilt and are selling tickets on this with the draw to be September 1st. They are having a craft and bake sale on June 21st by the Canadian Imperial Bank of Commerce at 11 a.m.

My In-laws were right, there is frost in early June; hope you knew about this as there was a frost on Sunday night and tonight (Monday) I am getting out my plant covers. Sunny weather now, keep smiling.

Club 35 winners this week included: - Door prize - Clarence Bunker; most lone hands - George Alsop; High lady - Verna Sawyer; High man - Elmer Davis. Others lucky winners were: Clarence Bunker, Edith Russell and Len Trodd.

Branch 129 news

by Gerald Irish

Did you see and hear Magnum 44 last Saturday night? This new entertainment at your Legion was very well received, providing light and lively music for everyone's enjoyment.

The new metal flag poles are in place at the front of the Legion. This will enable the raising and lowering of the flags to be done more easily. Prior to this, each time the flags were to be flown at half mast, a group of Legionnaires had to lower and raise a whole section of each pole.

Your executive has been approached by the Civitan Group from Markham about providing an update on the Child Identification program. Your legion provided this service about a year ago. Parents brought their children to the branch to be fingerprinted and photographed. This provides a permanent record of your children's appearances and prints should (God forbid) they ever become lost or are abducted. In early October, we plan to once again provide this service for all in the county.

The Bluegrass brochures are in the final stages of preparation and printing. These very attractive and informative brochures will be given saturation distribution. Look for yours in the mails or at many local businesses. This will certainly help spread the word about this exciting show of shows.

Because of problems regarding the proposed stage and audience site in the former Walling's field and because of the availability of hydro for the stage, the performances, camping booths, etc., will all be held within Glebe Park itself. Construction of camping sites is currently underway with 1200 sites being promised for occupancy before the Bluegrass Festival dates.

The new site selected for the stage allows us to take advantage of the park's natural terrain. The stage will be constructed near the water with its back to the lake. The audience will sit on the banks sloping upward from the performers. This natural amphitheatre setting will ensure excellent viewing for all of the shows.

At the Legion executive meeting on May 29, the chairpersons for all Branch 129 committees were selected. They are as follows:

President - Joan Irish - a member of every committee.
Immediate Past President - Bruce McKay - advisor to all committees. Bingo.

First vice president - Doug Pritchard - seniors' programs.

Second vice president - Fred Knight - membership.

Third vice-president - Gerald Irish - Public relations and publicity bulletin editor and Bluegrass co-ordinator.

Secretary - Mabel Brannigan - Honours and Awards - Leadership and planning.

Treasurer - Wally Chambers - house and property, bar inventory.

Sergeant at Arms - Ivy Chambers - Poppy.

Executive members - Allin Cooper - Youth Education and School bursaries.

Reg Crockett - All sports.
Jack McDonagh - Sick and visiting.

Ed Pickard - Ways and Means.

Lloyd Whittaker - Service Officer.

Wayne Wood - Cadets.
Manager - James Tice -

Entertainment and Bluegrass assistant co-ordinator.

Your president urged each chairperson to select an assistant chairperson to learn about and to become active in Legion affairs. If you are interested in

assisting on any of these committees, please see the chairperson of that committee and volunteer your time. We are hoping to get as many associates as possible involved. Please volunteer.

Do You Pitch-In?

Century 21

TE RILL REAL ESTATE LTD.

AT REST

THOMPSON Tom

- at his residence in Weston
on Tuesday, May 27, 1986 in
his 79th year, beloved hus-
band of Mina Thompson,
dear father of Paul of Acton
and Patricia (Mrs. E.
Walton) of South Lake,
dear grandfather of Tommy,
Ernie, Paul, Terry and
Diane and 4 great grand-
children, loving brother of
Joe of Yorkshire, England.
Resting at the Gordon A.
Monk Funeral Home, Min-
den from 2 to 4 and 7 to 9:30
p.m. Thursday and 2 - 4 and
7 - 9:30 p.m. Friday, thence
to Our Lady of Fatima
Church for Mass of Christ-
ian Burial on Saturday, May
31st at 11:00 a.m. Interment
at Minden Cemetery.

CARD OF THANKS

The Haliburton Highlands
Guild of Fine Arts would
like to say how much they
appreciate the wonderful
effort of the board of direct-
ors, staff, and members for
those 3 major activities in
May, the Volunteers Night,
the Annual Meeting and the
visit from the American
Tour Operators. All were a
great success due to your
enthusiastic and loyal
support. Very special
thanks.

Joan M. Hoad, President
H.H.G.F.A.

The management of The
Fireside Restaurant thanks
president Joe Cannon and
the members of the Lions
Club of Minden for their
support in the past. Sincere-
ly, Chef Rudy and host
Ingrid.

The family of the late Mrs.
Emma M. Mintz wish to
publicly express deep
gratitude to Mr. William
Scott, M.P., Victoria - Hal-
iburton and The Honourable

CARD OF THANKS

John Eakins, M.P.P.,
Minister of Tourism and
Recreation, for their
personal and gracious
manner in sending congratu-
lations and best wishes to
Mrs. Mintz, on the occasion
of her 90th birthday. April
13, 1986 and prior to her
decease on May 6th, past.
They, also, acknowledge
letters and certificates from
Prime Minister of Canada -
Brian Mulroney, Governor-
General of Canada, Jeanne
Sauve, Lieutenant - Gover-
nor of Ontario Lincoln M.
Alexander and Premier of
Ontario David Peterson.

The family of the late Mrs.
Emma M. Mintz wish to
express their heartfelt
thanks to the family, rela-
tives, helpful friends and
neighbours, for their many
acts of kindness in the sad
loss of our mother and
grandmother. Our thanks
for the messages of sym-
pathy, personal calls, gifts of
food, floral tributes and the
donations to the Heart
Foundation and Gideon
Bible Society in loving
memory of Mrs. Mintz.
Thanks to the gracious
ladies of the community
who provided and served the
delicious luncheon. Special
thanks to Pastor Roger
Sauve for his words of com-
fort and for his prayers.
Also, to Mrs. Julie Hunter
who sang the favourite
hymn, "I Will Meet You In
The Morning", and to Chris
Hanthorn, who honoured
his late grandmother with a
tribute in song and guitar.
Thanks to the Ross
Memorial Hospital Emer-
gency Nurses, the Emergen-
cy Ambulance Service of
Lindsay, Constable English
of the Lindsay Police and
the Mackey Funeral Home.
Special thanks to Mr. Jim
Mackey for his personal
care and advice. All of the
many kindnesses will be
remembered with deep
affection.

Clifford, Dorothy, Ernie,
Gladys, Mabel, Margaret,
Vivian, Gwen and Families.
